

4- Explanation on the venue of the project:

Title of the project (for developing, equipping, completing, reconstructing and repairing project):

Location of the project: province..... city .....

Town: .....

Nearest City: ..... Nearest village.....

Geographical longitude: .....

Geographical latitude: .....

Full address: map of the venue:

Area (M2) :

Type of the ownership of the land: with ownership deed: O

Granted by the Ministry of Housing and urban Development O

Granted by Natural Resources Authority O

Distance from the provincial capital (km):.....

Distance from the main city (km): .....

5- capacity measurement:

required human resources for the implementation of the project (person):

capacity of accomodation centers:

currently available:

Number of rooms:

Number of beds:

Construction:

Number of rooms:

Number of beds:

Other proposed facilities:

<p>6- existing connecting routes infrastructures:  ground ( freeway, highway, road, ...) <input type="checkbox"/></p> <p>airport <input type="checkbox"/>                      railway <input type="checkbox"/>                      port <input type="checkbox"/></p>
<p>7- Other existing primary infrastructures at the venue of the project:  Electricity <input type="checkbox"/> water <input type="checkbox"/> Gas <input type="checkbox"/> Telephone line <input type="checkbox"/> Access road <input type="checkbox"/>  Water supply permit <input type="checkbox"/> Electricity supply permit <input type="checkbox"/>  Gas supply permit <input type="checkbox"/></p> <p>Distance from the nearest airport (km):  Distance from the nearest railway station (km):  Distance from the nearest main road (km):  Distance from the nearest port (km):  Distance from the nearest gas network (km):  Distance from the nearest electricity network (km):</p>
<p>8- water supply resources :  well <input type="checkbox"/>                      Qanat <input type="checkbox"/>                      spring <input type="checkbox"/>                      natural waters <input type="checkbox"/>  others (please explain):</p>
<p>9- Climatic condition of the zone:  warm <input type="checkbox"/>                      cold <input type="checkbox"/>                      Moderate <input type="checkbox"/>                      warm and humid <input type="checkbox"/></p>
<p>10- Green carpet situation:  Desert <input type="checkbox"/> Mountainous <input type="checkbox"/> Coastal <input type="checkbox"/> Forest <input type="checkbox"/> pasture <input type="checkbox"/>  others (please explain):</p>

<p>11- Existing available facilities and services near the venue of the project:  Bank <input type="checkbox"/> Clinic/hospital <input type="checkbox"/> restaurant <input type="checkbox"/> Tour agency / transportation terminal <input type="checkbox"/>  Post/telecommunication <input type="checkbox"/> police/ dissplinary forces <input type="checkbox"/> Markets <input type="checkbox"/></p>
<p>12- Sport and recreational facilities near the venue of the project:  Park <input type="checkbox"/> Sport center <input type="checkbox"/> Telecabin <input type="checkbox"/>  others (please explain):</p>
<p>13- The most important tourist attractions in the area where the rvenue of the project is located:  Historical <input type="checkbox"/> natural <input type="checkbox"/> Religious <input type="checkbox"/>  others (please explain):</p>
<p>14- Main targetted Market:  Domestic <input type="checkbox"/> Provincial <input type="checkbox"/> National <input type="checkbox"/> International <input type="checkbox"/></p>
<p>15- The most important seasons ( in the area of the project) which are most suitable for tourists:  Spring <input type="checkbox"/> Summer <input type="checkbox"/> Autumn <input type="checkbox"/> Winter <input type="checkbox"/></p>
<p>16- Studies already made orbeing made on the project:  At primay level <input type="checkbox"/> Feasibility studies <input type="checkbox"/>  Comprehensive studies <input type="checkbox"/> Detailed studies <input type="checkbox"/></p>
<p>17- Time table for the implentation of the project (based on the studies already made or the similar cases) :  Start at the construction:  Time required for completion of the project:  Expected date of exploitation:</p>

18- project expenditures and financing programs (based on the studies already made or the similar cases):  
 monetary Unit: Rial O                      US Dollar O                      Euro O

A-Total costs for implementation of the project:  
 land ( rental/with full ownership):  
 Building:  
 Machinery, equipment and other facilities:  
 Others (please explain):

B-financing resources	Domestic resources	National resources	Foreign resources	Total
Personal/private resources (capital of investor)				
Long term loan				
Short term loan				
Total required resource				

C- Tim for return of the capital	Internal Output rate
----------------------------------	----------------------

D- Specifications of the Financing party (public bank private banks, financial institution/ Rental/ Public and ...)

- Name of the bank / Institution or Ministry :
- Address of the financing party:
- Ceiling of the available credit:

E- Other National and provincial incentives and supports:

- provincial incentives ( for promoting investments, like non-cash assistance supplying land ... ) :
- National incentives (for promoting investments, like non-cash assistance, supplying land and ...):
- Exemptions ( national and /or provincial exemption and other existing opportunities in detail)
